LED
LIGHTING BY **EGLO**

Das Licht der Zukunft jetzt schon in der Gegenwart!

Enjoy the lighting of the future – today

La lumière de l'avenir déjà dans le monde présent!

Die Vorteile liegen klar auf der Hand:

- **LEDs verbrauchen bis zu 80 % weniger Energie gegenüber herkömmlichen Leuchtmitteln und das bei einer Lebensdauer von bis zu 25 Jahren (=25.000 Betriebsstunden).**
- **LEDs können beliebig ein- und ausgeschalten werden ohne die Lebensdauer zu verkürzen.**
- **LEDs sind praktisch wartungsfrei, stoßfest und unempfindlich gegen Erschütterungen. Außerdem benötigen sie keine Startzeiten, das heißt: Volle Lichtstärke unmittelbar beim Einschalten.**
- **LEDs geben ein warmes gleichmäßiges Licht ab und sind sowohl mit Farbwechsler als auch dimmbar erhältlich.**

Nicht zuletzt aus diesen Gründen hat sich EGLO für die Lichtsaison 2011/2012 intensiv mit dem Thema LED befasst und eine breite Produktpalette zusammen gestellt, die für jeden etwas bietet: von der Designer-Hängeleuchte, über die Allzweck-Deckenleuchte bis hin zur trendigen Tischleuchte.

The advantages are plain to see:

- LEDs use up to 80% less energy compared to conventional bulbs and have a lifespan of up to 25 years (= 25,000 operating hours).
- LEDs can be switched on/off unlimited times without shortening their lifetime.
- LEDs are practically maintenance-free, shock-proof and unaffected by vibrations. You also don't need to wait for them to start up, which means full-strength light as soon as they are switched on.
- LEDs provide warm, even light and are available with both colour changers and dimmer switches.

For all of these reasons, EGLO has worked intensively on LED technology for the 2011/2012 lighting season, manufacturing a wide range of products that has something for everyone: from designer suspension lights, to all-purpose ceiling lights and even trendy table lamps.

Les avantages sont évidents :

- *Les LED consomment jusqu'à 80 % d'énergie de moins que les ampoules traditionnelles, et ce, avec une durée de vie allant jusqu'à 25 ans (=25 000 heures de fonctionnement).*
- *Les LED peuvent être allumées et éteintes à l'infini sans réduire la vie.*
- *Les LED ne nécessitent quasiment aucun entretien, résistantes aux chocs et insensibles aux vibrations. En outre, elles ne présentent pas de temps d'attente au démarrage: vous obtenez l'intensité lumineuse totale dès que vous les allumez.*
- *Les LED procurent une lumière régulière et chaude et existent aussi bien avec changeur de couleur qu'avec variateur de lumière.*

Principalement pour ces raisons, EGLO s'est attelé intensivement au sujet de la LED pour la saison 2011/2012 et a constitué une large palette de produits qui a quelque chose à proposer à chacun : de la lampe suspendue design à la lampe de table tendance, en passant par le plafonnier polyvalent.

http://lustra-style.com.ua

Was Sie noch über unsere LED-Produkte wissen sollten:
What else you can learn from our LED products:
Ce qu'il y a encore à savoir sur les LED:

1200lm

Energiebedarf ist nicht gleich Lichtausbeute!
Zusätzlich zur Wattage finden Sie deshalb bei vielen unserer LED-Produkte die Lichtausbeute (= Lumen), damit Sie noch besser vergleichen können! (z.B. eine herkömmliche Glühbirne mit 40 Watt entspricht im Lichtausbeute-Vergleich einem LED-Leuchtmittel mit ca. 8 Watt!)

Energy intensive is not the same thing as bright!
That is why, in addition to quoting their wattage, many of our LED products state their light yield (lumen) so that you can make an even better comparison! (e.g. a conventional 40 watt bulb is comparable with an 8 watt LED light in light yield terms!)

L'efficacité lumineuse n'est pas proportionnelle au besoin d'énergie!
C'est pourquoi, concernant le wattage, beaucoup de nos produits à LED indiquent également l'efficacité lumineuse (= lumen) afin que vous puissiez encore mieux comparer ! (par exemple, si on compare l'efficacité lumineuse, une ampoule traditionnelle de 40 Watt correspond à une LED de 8 Watt !)

LEDs für alle Lichtstimmungen!
Grundsätzlich sind alle unsere LED-Produkte mit warm-weißen LEDs ausgestattet. Zusatzfunktionen wie Farbwechsler, Fernbedienung, Dimmbarkeit, etc. sind gesondert ausgewiesen.

Zusätzlich bieten wir vor allem im Bereich Wand und Decke viele Artikel an, die über LEDs als Deko-Funktion verfügen.

LEDs for all your lighting needs!
All of our LED products are fitted with warm white LEDS as standard. Additional functions, such as colour changers, remote controls, dimmer switches, etc. are shown separately.

We also offer many items featuring decorative LEDs, particularly in the wall and ceiling ranges.

Des LED pour tous les goûts!
Tous nos produits à LED sont équipés de LED blanc chaud. Les fonctions supplémentaires telles que le changeur de couleur, la télécommande, le variateur de lumière, etc. sont fournies séparément.

Principalement dans le domaine mur et plafond, nous proposons également de nombreux articles qui disposent de LED comme fonction de décoration.

LED für jedes Einsatzgebiet!
Vor allem dem Energiespar-Faktor Rechnung tragend haben wir viele unserer Standard-Wand- und Deckenleuchten ebenfalls auf die LED-Technologie umgestellt. Besonders praktisch: Einige dieser Produkte verfügen zusätzlich über einen integrierten, unsichtbaren Hochfrequenzsensor zum Einstellen von Zeit, Helligkeit und Reichweite (S. 28 - 35).

Aber auch unser neues LED-Stripes-Sortiment lässt in Sachen Anwendungsvielfalt keine Wünsche offen! (S. 62 - 69).

LEDs can be used anywhere!
For mainly energy saving reasons, many of our standard wall and ceiling lights have been converted to LED technology. What is particularly practical is that some of these products also contain an integrated high frequency sensor for you to set the time, brightness and range (p. 28 - 35).

Our new and extensive LED stripes range also covers every possible desire (p. 62 - 69).

La LED dans chaque domaine d'application!
Principalement en raison du facteur d'économie d'énergie, nous avons fait appel à la technologie de la LED pour un grand nombre de nos lampes murales et plafonniers standard. Encore plus pratique: certains de ces produits disposent en plus d'un capteur à haute fréquence intégré afin de régler la durée, la luminosité et l'autonomie (voir 28 - 35).

Notre nouvelle gamme de bandes LED répond également à toutes les exigences en matière de variété d'applications ! (voir 62 - 69).

Qualität hat Vorrang!
Unsere Produkte erfülllen die strenge Norm ENEC 60598, alle unsere LED-Leuchtmittel sind TÜV SÜD zertifiziert und entsprechen allen Umweltauflagen.

Quality is key!
Our products meet the strict ENEC 60598 regulation, all of our LED illuminants are TÜV SÜD certified and comply with all corresponding environmental requirements.

Priorité à la qualité!
Nos produits répondent aux exigences de la stricte norme ENEC 60598, toutes nos ampoules à LED sont certifiées par le service TÜV SÜD et respectent toutes les obligations environnementales.

Information ist Vorsprung!
Noch mehr Informationen zu den aktuellen LED-Highlights erhalten Sie in unseren Konsumentenfoldern.

Find out more!
Further information about current LED highlights is available in our consumer files.

L'information est un plus!
Vous trouverez encore plus d'informations sur les actuels incontournables de la LED dans notre espace consommateur.

VISION LINE
LIGHTING BY **EGLO**

Selber planen – kinderleicht und individuell

Mit der Vision Line sind Sie bestens ausgestattet:

- einfach in der Montage
- vielseitig in der Gestaltung
- erweiterbar auch zu einem späteren Zeitpunkt
- attraktive Hängeleuchten und Halogen-Spots
- hochleistungsfähiges System (2.000 Watt) - ohne Trafo!
- komfortables 1,5 Meter langes Anschlusskabel

Planning yourself – easy and individually!

Vision Line gives you all the tools you need:

- easy to install
- versatile design
- expandable at a later date
- attractive pendant lamps and halogen spotlights
- high-performance system (2,000 watts) – without a transformer
- convenient 1.5-metre cable

Planifier vous-même – simple et personnalisé

Avec Vision Line, vous êtes équipés au mieux:

- *simple à installer*
- *structure multiple*
- *extensible à une date ultérieure*
- *lampes suspendues et spots halogènes attrayants*
- *système très performant (2 000 Watt) - sans transformateur!*
- *confort du câble de raccordement d'1,5 mètres*

Information ist Vorsprung!

L'information est un plus!
Vous trouverez encore plus d'informations sur notre VISION LINE dans notre espace consommateur.

http://lustra-style.com.ua

Was Sie sonst noch über die VISION LINE wissen sollten:
What else you can learn from our VISION LINE products:
Ce qu'il y a encore à savoir sur VISION LINE:

1, 2, 3 – es werde Licht!

Mit 1 Stromeinspeisung, 1 Schiene und 1 Leuchte ist der erste Schritt zur individuellen Lichtplanung bereits gemacht. Natürlich kann diese Erstausstattung jederzeit nach Bedarf erweitert werden. Weitere Stromschienen können angefügt und mit attraktiven Spots und Hängeleuchten bestückt werden. Eine einzelne Stromeinspeisung versorgt bis zu 15 Meter Schiene und bietet maximal 2.000 Watt Leistung.
Oder Sie greifen einfach zu praktischen Setlösungen, die jeweils bereits 2 Schienen, 4 Spots, 1 Einspeisung und 1 Schienenverbinder beinhalten (S. 576).

Bitte achten Sie bei der Planung darauf, dass die mit „A" bezeichneten Teile auf ein „A" und die „B"s auf ein „B" passen (siehe Montagebeispiel rechts.)

1, 2, 3 - let there be light!

1 feed unit + 1 rail + 1 lamp - and you've made the first step towards individual lighting design. Of course, you can extend this basic equipment at any time as needed. Simply add additional power rails and attach attractive spotlights and pendant lamps. A single feed unit can power up to 15 metres of rail, providing up to 2,000 watts. Or help yourself with the practical sets that feature all parts needed for mounting: 2 rails + 4 spotlights + 1 feed unit + 1 rail connector (S. 576).

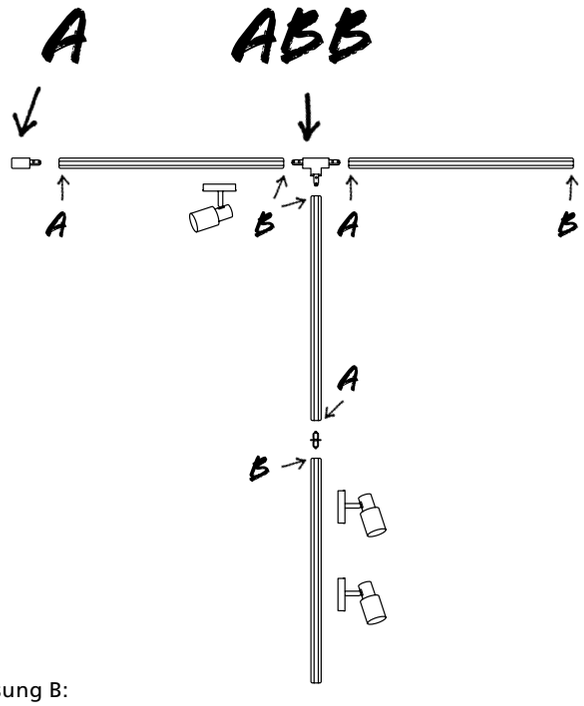

Make sure that parts labelled „A" attach to an „A" and „B" parts to a „B". Select from the available connectors to create your own individual lighting design (see installation example on the right).

1, 2, 3, et la lumière fut !

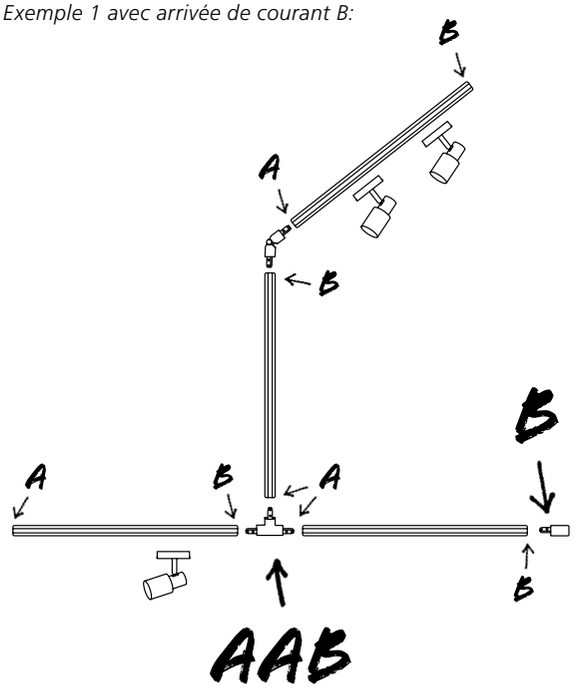

Avec 1 arrivée de courant, 1 barre et 1 ampoule, vous avez franchi la première étape vers la planification personnalisée de lampe. Bien sûr, cet équipement initial peut être à tout moment étendu selon le besoin. Il est possible d'ajouter des barres conductrices et d'agrémenter le tout avec des spots et des lampes suspendues attrayants. 1 arrivée de courant alimente à elle seule jusqu'à 15 mètres de barre et fournit jusqu'à une puissance de 2 000 Watt. Ou bien vous optez simplement pour un kit pratique, qui contient déjà 2 barres, 4 spots, 1 alimentation et 1 connecteur de barres (voir S. 576).

Lors de la planification, veillez à ce que les pièces marquées d'un «A» soient reliées à un «A» et les «B» à un «B» (voir exemple de montage à droite.)

BUTTONS
BUTTONS
BOUTONS

Bei diese Leuchten werden Energiesparleuchtmittel eingesetzt (diese sind nicht immer inkludiert).

Energy Saving illuminants are used for these lamps (the illuminants are not always included).

Des ampoules à économie d'énergie sont utilisées dans ces lampes (les ampoules ne sont pas toujours comprises).

Bei diesen Leuchten sind ausschließlich hochwertige LED enthalten.

These lamps contain exclusively high quality LED.

Ces lampes contiennent exclusivement des LED de haute qualité.

Dieser Button signalisiert, dass alle Produkte einer Seite mit der Schutzart IP44 ausgestattet sind.

This button implies that all products on a page have the protection rating IP44.

Ce bouton signale que tous les produits dans une page ont l'indice de protection IP44.

BEMASSUNGEN
DIMENSIONS
DIMENSIONS

L=	**Länge** | lenght | *longeur*
B=	**Breite** | width | *largeur*
H=	**Höhe** | height | *hauteur*
Ø=	**Durchmesser** | diameter | *diamètre*
A=	**Ausladung** | projection lenght | *amplitude*
ET=	**Einbautiefe** | installation depth | *profondeur utile*
Base=	**Sockel** | base | *base*

Achtung! Die Größen beziehen sich nur auf die Abmessungen der Leuchte. Etwaige Lufträume, die für einen sicheren Betrieb der Leuchte notwendig sind, werden nicht berücksichtigt.

Attention! The dimensions relate solely to the sizes of the lamp. Any air spaces that would be relevant for a safe operating of the lamp were not considered.

Attention! Les dimensions se réfèrent à la taille de la lampe seulement. Espacements éventue, que seraient importants pour une opération de la lampe sans danger, n'ont pas été considerés.

BESCHREIBUNG
DESCRIPTION
DESCRIPTION

Die Produktbeschreibung setzt sich wie folgt zusammen: Leuchtenart; Gehäusematerial, Gehäusefarbe / Schirm- bzw. Glasmaterial, Schirm- bzw. Glasfarbe

The product description is composed as follows: type; enclosure material, enclosure colour / glass or shade material, glass or shade colour

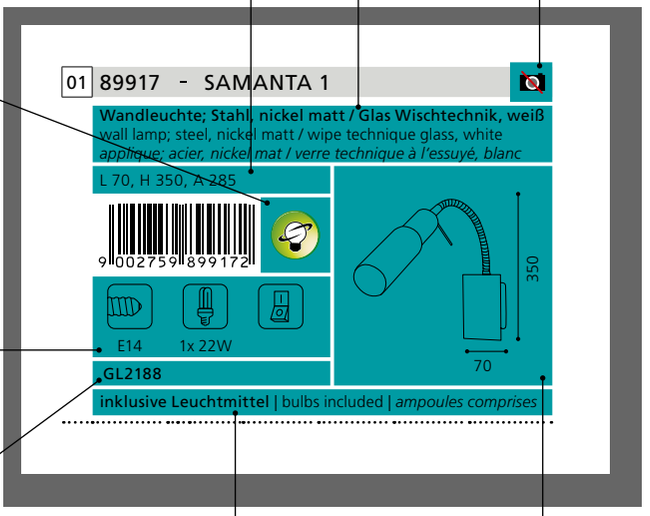

La description du produit est composée comme suit: type de lampe; matériel de boîtier, couleur de boîtier / matériel de verre ou abat-jour, couleur de verre ou abat-jour

KAMERA
CAMERA
CAMÉRA

Dieses Symbol kennzeichnet Artikel, die nicht im Katalog abgebildet sind.

This symbol indicates that an article is not shown in the catalogue.

Ce symbole indique qu'un article n'est pas représenté dans le catalogue.

PIKTOGRAMME
PICTOGRAMS
PICTOGRAMMES

Technische Details werden als Piktogramme dargestellt. Leuchtmittel finden Sie auf Seite 795, alle übrigen Piktogramme auf Seite 794.

Technical details are represented as pictograms. The pictograms for illuminants can be found on page 795, all others on page 794.

Les détails techniques sont représentés sous forme de pictogrammes. Les pictogrammes pour les lampes peuvent être trouvés en page 795, tous les autres en page 794.

ERSATZTEILE
SPARE PARTS
PARTS DE REMPLACEMENT

Sollte es Ersatzteile zu einem Produkt geben, finden Sie die Artikelnummern am Ende der jeweiligen Information. Zusätzlich sind sie auch im Foto gekennzeichnet. Wenn alle Produkte einer Seite die gleichen Ersatzteile haben, werden diese nur einmal eingezeichnet.

If a product has spare parts, you will find the article number at the end of the respective information. Additionally they are marked on the photographs. If all products on a page have the same spare parts they will only be marked once.

Si un produit a des parts de remplacement, vous les trouvez à la fin de l'information. De plus, elles sont marquées dans la photo. Si tous les produits dans une page ont les mêmes parts de remplacement, elles sont marquées seulement une fois.

LEUCHTMITTEL
ILLUMINANTS
AMPOULES

Bei inkludiertem Leuchtmittel bezieht sich die Wattangabe der Leuchte auf genau dieses Leuchtmittel. Die maximal mögliche Wattage der Leuchte kann unter Umständen höher sein. Wenn keine Leuchtmittel mitgeliefert werden, wird generell der maximale Wert angegeben.

If illuminants are included, the wattage of the lamp relates to exactly these illuminants - the maximum wattage of the lamp could therefor be possibly higher. If no illuminants are included the maximum value is generally indicated.

Si les ampoules sont comprises, le wattage de la lampe se réfère à ces ampoules - le wattage maximum pourrait être plus élevé. Si les ampoules ne sont pas comprises, la valeur maximale est indiquée.

SKIZZEN
SKETCHES
CROQUIS

Die Bemaßung der Skizzen umfasst jeweils die aussagekräftigsten Größen. Bei verstellbaren Produkten kennzeichnet ein türkiser Pfeil diese Funktion und nur die maximalen Größen werden angegeben.

The sketches state the most meaningful dimensions. If a product is adjustable by will, a turquoise arrow marks this function and only the maximum dimensions are indicated.

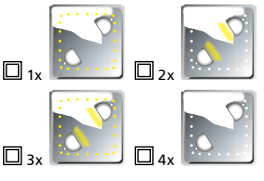

Les dimensions des croquis comprennent les dimensions les plus représentatives. Si un produit est réglable au choix, une flèche turquoise affiche cette fonction et rien que les dimensions maximales sont indiquées.

SCHALTER
SWITCHES
INTERRUPTEURS

	eingebauter Dimmer internal dimmer *variateur intégré*
	Wippschalter rocker switch *interrupteur à bascule*
	Zugschalter pull switch *interrupteur à tirer*
	Trittschalter pedal switch *interrupteur à pied*
	Trittdimmer pedal dimmer *variateur à pied*
	Druckknopf button switch *interrupteur de pression*
	Kabelschalter cable switch *interrupteur à câble*
	Diese Leuchte ist mit einem Sensor ausgestattet. Einschaltdauer und Umgebungshelligkeit können individuell eingestellt werden. This lamp is equipped with a sensor. Duration and ambient brightness can be adjusted individually. *Cette lampe est équipée d'un capteur. La durée et la luminosité ambiante peuvent être ajustés individuellement.*
	Diese Leuchte kann mit einer Fernbedienung gesteuert werden. Die Fernbedienung ist im Lieferumfang enthalten. This lamp can be operated with a remote control. The remote control is included with the lamp. *Cette lampe peut être contrôlée avec une télécommande. La télécommande est incluse avec la lampe.*
	Diese Leuchte kann ein- bzw. ausgeschaltet und gedimmt werden, indem man sie an ihren Metallteilen berührt. This lamp can be switched on/off and dimmed by touching a metal part of the fixture. *Cette lampe peut être éteint, allumé et gradué simplement en touchant la partie métallique de la lampe.*
MULTI	**Die unterschiedlichen Lichtstimmungen der Leuchte können mit einem herkömmlichen Lichtschalter bedient werden. Durch schnelles Betätigen des Schalters wechselt die Leuchte zwischen den Einstellungen (siehe unten), langsames Drücken schaltet die Leuchte ein bzw. aus. Dabei wird die letzte Einstellung gespeichert.** The different lighting atmospheres of the lamp can be adjusted with a conventional light switch. If the switch is actuated in quick succession the lamp changes between the different atmospheres (see below), if actuated slowly the lamp turns on or off. The last setting will then be saved. *Les ambiances lumineuses de la lampe peuvent être réglées avec un interrupteur conventionnel. Si l'interrupteur est actionné rapidement, la lampe change entre les ambiances différentes (voir ci-dessous); s'il est actionné lentement, la lampe est éteint ou allumé. La dernière préférence sera mémorisée.*

SCHUTZKLASSE
PROTECTION CLASS
CLASSE DE PROTECTION

Die Schutzklasse gibt an, inwiefern ein Produkt gegen einen elektrischen Schlag gesichert ist. Alle Leuchten in diesem Katalog sind mit mindestens Schutzklasse 1 gesichert, bei höheren Klassen wird das Symbol im Infokasten der Leuchte angegeben.

The protection class indicates to what extent the lamp is protected against electric shock. All lamps in this catalogue are at least protected with the protection class 1 - a higher class is specified in the information box of the respective lamp.

La classe de protection indique, dans quelle mesure la lampe est protegé contre les chocs électriques. Tous les lampes dans ce catalogue sont protegées au moins avec la classe 1 - une classe plus élevée est indiquée dans l'information de la lampe.

	Schutzklasse 1: Schutzerdung protection class 1: protective earthing *classe de protection 1: prise de terre*
	Schutzklasse 2: Schutzisolierung protection class 2: protective insulation *classe de protection 2: double isolation ou renforcée*
	Schutzklasse 3: Schutzkleinspannung protection class 3: protective low voltage *classe de protection 3: très basse tension de sécurité*

SCHUTZART
PROTECTION RATING
INDICE DE PROTECTION

Der Schutzgrad gewährleistet die Betriebssicherheit von Leuchten. Die erste Ziffer des IP Grades beschreibt den Schutzumfang gegen das Eindringen von Fremdkörpern, die zweite Ziffer infomiert über den Grad des Feuchtigkeitsschutzes. Alle Leuchten in diesem Katalog sind mit mindestens Schutzgrad IP20 gesichert, bei höheren Graden wird das Symbol im Infokasten der Leuchte angegeben.

The protection rating ensures the operational safety of lamps. The first number specifies the extent of the protection against the ingress of foreign bodies; the second number identifies the humidity protection grade. All lamps in this catalogue are at least protected with the rating IP20 - a higher rating is specified in the information box of the lamp.

L'indice de protection assure la sécurité opérationnelle des lampes. Le premier chiffre indique à quel point la protection est efficace contre l'insertion de corps étrangers; le second chiffre indique quant à lui le degré de protection par rapport à l'humidité. Tous les lampes dans ce catalogue sont protegées au moins avec l'indice IP20 - un indice plus élevé est indiqué dans l'information de la lampe.

LICHTFARBE / -STROM
LUMINOUS COLOUR / FLUX
COULEUR / FLUX LUMINEUX

Die Farben der LED werden als Piktogramm (siehe unten) dargestellt, deren Lichtstrom direkt darunter. Der Lichtstrom wird in Lumen gemessen und gibt die erzeugte Lichtmenge der LED an. Je höher der Wert, desto heller das Produkt.

The colours of the LED are represented as pictograms (see below), their luminous flux directly beneath. The luminous flux is quoted in lumen and describes the amount of light generated by the LED. The higher the value, the brighter is the lamp.

Les couleurs de LED ont représentés sous forme de pictogrammes (voir ci-dessous), leur flux lumineux directement en dessous. L'unité de flux lumineux est le lumen et il mesure la quantité de lumière générée par les LED. Plus la valeur est élevée, plus la lampe est lumineuse.

	warmweiß (< 3300K) warm white (< 3000K) *blanc chaud (< 3000K)*
	neutralweiß (3300K - 5300K) neutral white (3300K - 5300K) *blanc neutre (3300K - 5300K)*

Mit diesem Katalog verlieren alle vorhergehenden Kataloge und Preislisten ihre Gültigkeit. Irrtümer, Druckfehler, Modell- und Preisänderungen vorbehalten. Wir liefern aufgrund unserer Liefer- und Zahlungsbedingungen. Unsere Produkte entsprechen der europäischen Leuchtennorm EN 60598. Produkte mit dem ENEC Prüfzeichen sind konform mit der Richtlinie 2006/95/EG. Produkte mit weiteren Sicherheitshinweisen (zB. Schutzklasse, IP) sind mit Symbol und Zahl bei der Produktfamilie ausgezeichnet.
Der Inhalt dieses Kataloges ist für die EGLO Leuchten GmbH urheberrechtlich geschützt. Alle Rechte sind vorbehalten. Bilder und Texte dürfen nicht ohne vorherige ausdrückliche, schriftliche Genehmigung verwendet werden. Die Abbildungen sind 4C Drucke und können vom Original abweichen.
Gestaltung, Layout und Satz: EGLO GmbH, A-6136 Pill - AUSTRIA
Druck: Stark Brillant GmbH, D-75181 Pforzheim
Bilder: EGLO, Fotolia.com

All previous catalogues and price lists are no longer valid with the issue of this catalogue. Errors, misprints, model and price changes are without reservation. We deliver based on our terms of delivery and payment. Our products comply with the European light norm EN60598. Products with the ENEC test mark are conform to the guide line 2006/95/EG. Products with additional safety remarks (e.g protection class, IP) are identified within the product family with the relevant symbol and number.
The contents of this catalogue are protected under copyright law for EGLO Leuchten GmbH. All rights reserved. Our express prior written consent must be obtained before using any illustrations and texts. The pictures are 4C prints and may differ from the original.
