- **Ceiling mounting**
- **IP20**
- **Lamp(s) not included**
- **Adjustable in height**

The BALINI pendant luminaire offers simple elegance. With its simple design and the offset glass shades, the luminaire appears elegant and modern. In addition, a soft and pleasant light is emitted, which creates a cosy and inviting atmosphere. Whether located in the living room or hallway, the pendant luminaire is particularly effective as a central element. The length of the individual glass shades can be individually adjusted. The timeless design in anthracite in combination with the smoked-glass shades leaves a lot of scope for further colour tones and facilitates integration into existing living concepts. The use of an LED light source is recommended for energy-saving lighting. These are an excellent alternative to conventional halogen lamps and represent a high quality of light together with energy savings of up to 80%. With LED lighting, you also benefit from a long service life and low heat generation, while at the same time protecting the environment.

Material construction

Metal · Anthracite
Glass · Smoke

Product dimensions

Height: 150cm
Diameter: 30cm
