Timeless, flexible, design-oriented. The CORE LED recessed luminaire sets precise lighting accents that create atmosphere! The recessed spotlights can be used in a variety of ways - whether as ambient lighting or to accentuate selected areas. The spot can be switched separately so that different lighting scenarios can be set. Due to the modern design in matt black, the luminaire is open for different living ideas. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
