CAMPUS – R35146132

incl. 3x SMD LED, W · 3x 0lm,

- **Switch**
- **Dusk sensor**
- **Rechargeable battery operated**
- **IP44**
- **Solar**

The CAMPUS set consisting of 3 solar light sets attractive accents in the garden and can be flexibly hung in trees, bushes or even on the parasol by means of the large brackets. The integrated twilight sensor automatically switches the lights on when darkness falls and off again when brightness falls, creating a special atmosphere in your home. The lighting time of the solar light in bulb look is 8 hours, your charging time is about 8 hours. Due to the IP44 protection rating, the luminaire is protected against splashing water and can therefore be used in a variety of ways. The black matte stainless steel socket focuses complete attention on the light bulb look of the luminaire made of transparent plastic, creating an eye-catcher in your outdoor space. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

Material construction

Stainless steel · Black mat

Product dimensions

Height: 23cm
min. height: 16cm
Diameter: 7cm
Weight: 0,295kg

Technical data

Light source: SMD – LED (integrated)

operating voltage: 230V ~ 50Hz
IP classification: IP44
