- **Switch**
- **IP20**
- **Lamp(s) not included**

The clear lines and the reduced design of the ADAM floor lamp bring a calm and harmonious environment into your home. As a reading light next to an armchair or as an accent light in the living area, the light comes into focus and provides atmospheric accents. The switch on the luminaire head ensures convenient switching on and off. The colour combination of the lamp in matt black and matt brass conjures up a touch of grace in your living area. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
