The COURSE ceiling light can add stylish accents to your living rooms and bedrooms. Cleverly designed and perfectly placed, the lamp becomes a real eye-catcher in your living room. The COURSE consists of two rings that emit a pleasantly soft light. Using the integrated SWITCH dimmer, you can choose between three different brightness levels using a conventional light switch. By grading the light intensity from 100% to 50% and 25%, the light can serve different lighting moods. The matt nickel surface gives the floor lamp a modern design that can be found in numerous furnishing styles. The light also features modern LED technology, which is characterised by excellent lighting quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and are environmentally friendly.
