Light objects in geometric shapes, a statement on the wall or ceiling! CIRCLES swivelling modules leave no design wish unfulfilled and offer creative arrangement options. A remote control can be used not only to adjust the brightness as desired, but also to control the colour temperature from cool white to warm white. The perfectly formed appearance in black matt, fits into many furnishing styles due to its simplicity. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
