

Ceiling lamp

ATRIA – R67041900

incl. 1x SMD LED, 21W · 1x 2500lm, 3000 – 6000K

- Remote control
- Integrated dimmer
- Light color infinitely variable
- Night light
- Not suitable for external dimmer
- Starlight effect
- Wall- & ceiling mounting
- Memory function
- IP20

Simple design – practical functions! The modern ATRIA ceiling light features an impressively simple design and offers a wide range of possible applications. To create a completely individual lighting scene, the light colour and light intensity of the light can be easily adjusted by remote control. When correctly positioned, the ceiling light becomes an absolute eye-catcher in any living room thanks to its eye-catching Starlight cover. With its simple white design, the ceiling light easily blends into existing interior design styles and can be combined with other colours. The light also features modern LED technology, which is characterised by excellent lighting quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and are environmentally friendly. ☑☑

Material construction

Plastic · White

Product dimensions

Height: 7cm
Diameter: 48cm
Weight: 1,245kg

Technical data

Light source: SMD – LED (integrated)
Watt: 21W
Lumen: 1x 2500lm
Kelvin: 3000 – 6000K
Color rendering (CRI): > 80 CRI
Lifetime: 40000H
Switching cycles: 50000x ON/OFF

operating voltage: 230V ~ 50Hz
Protection grade: 1
IP classification: IP20

Dealer information

EAN Code: 4017807477153
Customs number: 94051140900

Packaging dimensions & weight

Quantities: 1

Width: 50cm
Height: 50cm
Depth: 9cm
Weight: 1,690kg
